### **DETAILED ACTION**

Receipt of applicant's amendment filed 7/10/06 is acknowledged. Claims 23-29 are pending. Claim 23 remains withdrawn from further consideration. Claims 17-22 have been cancelled.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 26-27 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The claimed subject matters that the obstruction are located at 45 degrees angle or on an axis oriented at an angle of between zero and forty five degrees relative to vertical axis, in combination with the dimples contacting one another, are not supported by the original disclosure. It clearly discloses in figure 3B that when the dimples are oriented at an angle, the dimples are not in contact with each other.

#### ***Allowable Subject Matter***

Claims 24,25 and 25-29 are allowed.

#### ***Conclusion***

Art Unit: 3753

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

William Carter (US 2,591,235) discloses an individual vertical type fuel burning heater.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

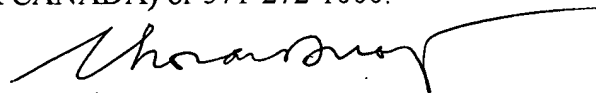

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
